Instructions for Authors

IJVSS will endeavour to publish peer reviewed high quality original research and review papers, case studies, technical notes and book reviews. Keeping in view the broad nature of vehicle design and engineering, spanning land, aerospace and marine mobility systems, Authors can submit (preferably as a PDF file) the original contributions belonging to a wide variety of areas of vehicle structures and systems. Authors can submit full papers of their original work through IJVSS’s online peer review and access system available at www.ijvss.maftree.org. Alternatively manuscripts can be submitted by email to the Co-Editor-in-Chief, vijay@mechaero.org. A manuscript template in Microsoft Word format is available on request by email to vijay@mechaero.org or downloadable from www.ijvss.maftree.org.

Authors should ensure that the article is not under consideration for any other Journal. Each submitted article must also include a cover page about the corresponding author’s name and full contact details. Each paper will be peer reviewed by at least two Reviewers. Based on the Reviewers’ comments, corresponding author will be informed about the decision with in 3-5 weeks. If accepted, the corresponding author should submit the final paper with in 2 weeks.

Authors should enclose the copyright transfer form and confirm the preprint/proof with in 2 weeks of final proof read. Annual subscriptions to IJVSS are highly sought from the contributing Authors or his/her Institution, though it’s not mandatory. Further copies of the published article can be ordered by email.

Paper Format
Manuscripts submitted should be in English (UK/USA) and should be typed in a double column format (except Title, abstract) using MICROSOFT WORD or any other software where the manuscript can be editable using MICROSOFT WORD. All pages should be numbered and have adequate margins. Times New Roman font with size 10 should be used with title and section heading in bold letters. The paper should be reasonably divided into the following sections – Title, Author (s) name and affiliations, Abstract, Key words, Nomenclatures/ Acronyms, Introduction with background literature review, Objectives and Formulation, Theory, Results & Discussions, Conclusions, Acknowledgements and References. Each section and sub-section should be numbered as appropriate (e.g. 1.1.). No header and footnotes are allowed.

Equations
Only SI units should be used and optionally their local units may be quoted within brackets next to the SI units. All mathematical equations should be editable and should be referenced as (number) at the far most right hand end of the line. Each equation must be cited in the text, for example, as “Eqn. (10),” or “Eqns. (12) to (16)”. As per the equations editor standards, variables and vectors should be distinguished; Vector (in bold), matrix and symbolic character presentations must be ensured that they are easily copied and editable.

Figures and Tables
Figures and Tables should be numbered consecutively and should be fully titled (Left aligned) above each figure and table. Each figure and table must be cited in the text, for example, as “Fig.11”, or “Figs. 12-16”. All figures should be easily editable and should be of good quality (300dpi) in black and white glossy prints. Vertical split line on each table should be hided for clarity. Figures and Tables in colour require publishing charges of £100 per page and should be paid in advance.

References
All references should be listed with numbering format [1] and in numerical order of its citation with in the body text. Citation should be either by Author [Ref] or as per the earlier studies [aa-bb]. Each reference relating to Journal, Proceedings, books and reports should be styled with the following format:

CONTENTS

Challenges in Rail Vehicle-Track Modeling and Simulation
S.K. Sharma, R.C. Sharma, A. Kumar and S. Palli; INDIA

Multibody Modelling of Engine and Minimization of Engine Mount Vibration using Ant Colony Algorithm Optimization
T. Ramaachandran and K.P. Padmanaban; INDIA

Dynamic Analysis of Indian Railway Integral Coach Factory Bogie
S. Palli, R. Koon, R.C. Sharma and V. Muddada; INDIA

Golden Section Search Based Optimization of Road Vehicle Suspension System
P. Bali and C.V. Chandrashekar; INDIA

Computational Fluid Dynamics Analysis of Empty Railway Freight Wagons
S.B. Kedare, S.C. Sharma and S.P. Harsha; INDIA

A. Kumar, S. Mishra, B. Tripathi, P. Kumar and I.H. Sharma; INDIA

Comparison of Air Spring Actuator and Electro-Hydraulic Actuator in Automotive Suspension System
J. Jancirani, P. Sathishkumar and D. John; INDIA, M. Eltantawie; EGYPT

Design Evolution of Drive Booster Configuration for Terrain Vehicles
G.J. Raju, K.S. Reddy and N. Venkatachalapath; INDIA

Experimental Investigation of Vacuum Brake System Performance in Light Commercial Vehicles
R. Anbalagan and J. Jancirani; INDIA

Instantaneous Exhaust Emissions and Fuel Consumption in Gasoline Vehicles: Testing and Empirical Analysis
M. Singh, A. Sharma and V. Jain; INDIA

International Journal of Vehicle Structures and Systems (IJVSS) is indexed by Elsevier Scopus, EI Compendex, Current Contents, Scirus, CiteSeerX, Google Scholar, IndexCopernicus, Transportation Research Information Services, Mechanical & Transportation Engineering Abstracts, and Indian Citation Index.

The annual subscription fees (2013-15) for the online (ISSN 0975-3540) or print (ISSN 0975-3060) version is as follows: India – Individual ₹ 2800, Institutions ₹ 7500; Rest of World – Individual £ 4500 (£ 60), Institutions £ 14400 (£ 192). Institution subscription fees for the online version includes up to 5 IP addresses. The subscription fee for the “print and online version” is 1.60 times of the online version’s subscription fees. The subscription fee for the print version includes packaging & postage charges. Each subscriber has to register online at www.maftree.org/eja and quote his/her user ID along with the payment to activate the subscription. The subscription fees should be paid in advance. MAFTREE accepts the subscription fees via PayPal (in GBP) through www.ijvss.maftree.org. Subscription fees can also be paid by Demand Draft (in Indian Rupees) drawn on “MechAero Foundation for Technical Research & Education Excellence”, payable at Chennai, India.
