ABOUT THE FOUNDER

A man of
positive change
who made Education
his mission for life!

Sh. Tarsem Kumar Garg
Hon'ble Chancellor, MMUs

Meet the visionary behind MM Institutions – Sh. Tarsem Kumar Garg who spearheaded the education revolution through MM Institutes. It has been an evolving journey for him in last 25 years as he played a key role in enabling the students from small towns script big success stories.

He aspired to empower the students hailing from North India with global education so as to have the best start in their life. It was his idea that the best education and infrastructure should be made available to the youth of tier II and tier III cities in North India. Coming from a humble background himself; Sh. Garg dedicated his life to spread the enthusiasm for higher education and professional courses in small towns and rural areas of the region.

To realise the vision of "Education for all", he set up the Maharishi Markandeshwar Education Trust (now known as Maharishi Markandeshwar Trust) in 1993. In a short span of less than 3 decades, MM Group of Institutions has grown into one of the most reputed educational groups in the country, which takes pride in its state-of-the-art infrastructure as well as expert faculty. These institutions have widened the horizons of growth and success for thousands of youth and equipped them with a culture of excellence, inclusiveness and social service.

WHAT MAKES MM(DU) A TRENDSETTER IN HIGHER EDUCATION

PROJECT BASED LEARNING

Students gain knowledge & skills by working on live projects. They get opportunities to explore real challenges and acquire a deeper knowledge to resolve the issues.

HOLISTIC DEVELOPMENT

The Group lays comprehensive focus on holistic development through Yoga, Meditation, Taekwondo and Art of Living workshops.

CASE BASED PEDAGOGY

Case based learning enhances analytical and problem solving skills of students, enabling them to apply in different management settings essential to the leadership of business / industry around the world.

STUDENT DRIVEN SOCIETIES & CLUBS

Various Societies & Clubs such as Dance Society, Quiz & Debate Society, Sports Society etc to leverage students' potential in planning, controlling and organizing the activities.

TEACHING METHODOLOGY

The best faculty and technology assisted indubitable teaching makes the best concoction for students. In extension to the traditional classroom teaching, a number of other methods like web based learning, live simulation exercises and project works are encouraged so as to make delivery of knowledge more effective and enjoyable.

FOCUS ON RESEARCH & DEVELOPMENT

MMUs have laid a lot of emphasis on the establishment of centres for research and development. Students are encouraged to undertake Research work under the guidance of eminent faculty members at different centres. The end results are incorporated in the regular studies.

RICH INTELLECTUAL POOL

MMUs boast of rich pool of intellectual capital. Lots of focus has been laid while selecting the finest faculty. The faculty shares industry experience and gist of their research with the students and makes sure that this transfer of Knowledge becomes fruitful and ineffaceable experience for the scholars.

PERSONALITY DEVELOPMENT

Special programmes are conducted to improve students' Personality. Several training sessions on soft skills, etiquettes, presentation skills, personal grooming etc. are held, where in all students participate.

LANGUAGE AND COMMUNICATION LAB

A separate Language Lab makes English language learning, fun and effective due to practical approach.

COSMOPOLITAN ENVIRONMENT

Cross cultural and cosmopolitan environment where students from around the globe rub their shoulders to develop competencies which help them in realizing their dreams of successful career.

INDIA'S LARGEST CLINICAL ADVANCED SKILL & SIMULATION CENTRE

Spread in an area of 15000 Sq. Ft., this state-of-the-art Clinical Advanced Skill and Simulation Centre has been set up to train Undergraduate and Post graduate Medical, Nursing and Paramedical students and faculty. Maharishi Markandeshwar (Deemed to be University) has spent nearly Rs. 200 Million to develop this centre as one of the largest & most comprehensive Medical Skill & Simulation facilities.

The idea is to provide real-time experience to students and train them in the skills for handling complex case scenario before actually carrying out the same on the patients. For this, the Skill and Simulation facility has Adult Patient Simulator, Paediatrics and Neonatal Simulator, Infant and Child mannequins in virtual Intensive Care Units (ICU), Paediatric-ICU and Operation Theatre modules.

The Centre also has facilities for advanced training in Laparoscopy, Arthroscopy, Endoscopy, Colonoscopy, Bronchoscopy, Urological procedures, Angiography and Gynaecological Procedures and Ultrasound imaging with the help of most advanced Simulation Trainers.

CSED - SKILLING THE YOUTH FOR A BRIGHTER TOMORROW

MM(DU) has always been a research-oriented and exposure-driven educational institution and it has encouraged practical and interactive education along with skill training for the youth to increase their employability quotient. To promote skill and entrepreneurship development, MM(DU) has Centre for Skill and Entrepreneurship Development (CSED) which aims to strengthen technical education infrastructure to promote industry-relevant skills in the youth. The Centre access as a catalyst for boosting inclusive and sustainable industrial development while creating employment opportunities for the local youth. The Center offers industry-specific courses in Manufacturing, Artificial Intelligence (AI) and Industrial Internet of Things (IIoT).

PROJECT BASED LEARNING

The new age education

MM(DU) focuses on making the students industry ready and knowledge of books alone is not enough for that. So the MM(DU) involves the students in project-based learning; especially the students of Science, Nursing, Computer Applications, Technology and Engineering courses in various significant LIVE projects where they get the opportunity to understand real life challenges and gain by working in the industry-like situations. Project-based learning approach is also followed in Management, Agriculture and Hospitality courses.
